Dear Sir/Madam

**ADVANCE NOTICE OF CARRIAGEWAY RESURFACING SCHEME
HIGH STREET, CAYTHORPE**

Highway resurfacing works will shortly be starting at the above location. To comply with Health and Safety Regulations it will be necessary to close the road to restrict vehicular traffic for the duration of the works.

Works are programmed to commence on or around 13th August with an expected duration of 8 days. Working hours are from 7.30am to 5pm. The above dates may be subject to change if preceding works overrun or are delayed due to poor weather etc. No works are planned for the weekend of 17th & 18th August.

Traffic management operatives will be available to advise on progress and assist motorists. If your property fronts the proposed working area, then please expect delays and allow additional time for any essential journeys.

Due to the nature and the specialist equipment that are used to undertake these vital maintenance works please be aware that high noise levels may be experienced near your property. All our contractor's equipment is compliant with current regulations and will be switched off if not being used to limit any noise pollution. There will also be flashing lights in use however this is a Health and Safety legal requirement on all vehicles working within one of our schemes.

I am sorry for any inconvenience which these works may cause. Your co-operation and tolerance will be appreciated. If you have any observations or do require further information, please do not hesitate to contact the above office.

Yours faithfully

For Asset Manager
