

Litter Pick - Volunteers Required

We are organising a litter pick to clear the accumulated litter along the A607 where it runs through the village on Sunday 13th April commencing at 10am

All PPE and litter picking equipment will be supplied, but volunteers are requested to wear appropriate clothing for the likely weather conditions.

We will meet by the crossroads on the A607 at 10am when a safety briefing will be given and equipment issued.

If you are able to help to keep our village clean, then please let me know , so that I can ensure there is adequate equipment for all .

Many thanks.

Andy Crawley
